ONLINE TALK

AN HOUR WITH

K. G. ARUN

Professor
Chennai Mathematical Institute (CMI)

DATE	TIME	MODE
18 SEP 2026 (FRIDAY)	03:00 PM (IST)	Online (Live) Q&A included

IQAC INITIATIVE

ORGANIZED BY
Department of Sciences
Smt. Indira Gandhi Government First Grade Women's College, Sagara
Karnataka, India

ABOUT K. G. ARUN

K. G. Arun, Professor of Physics at the Chennai Mathematical Institute, is one of the leading figures in gravitational wave astronomy — the science behind humanity's first-ever detection of colliding black holes. A member of the LIGO Scientific Collaboration and IndiGO consortium, his groundbreaking work on compact binaries and tests of Einstein's General Relativity has shaped how we understand the cosmos.

With a PhD from the Raman Research Institute, research experience across Washington University in St. Louis and the Institut d'Astrophysique de Paris, 350+ publications, and over 1,30,000 citations, his impact on the field is undeniable. He is a recipient of the Swarnajayanti Fellowship from the Govt. of India, and was a co-author of the landmark paper - Observation of Gravitational Waves from a Binary Black Hole Merger - which earned the prestigious 2016 Special Breakthrough Prize in Fundamental Physics.

CHAIRED BY
Prof. Ravindra Katoti
Principal

IQAC COORDINATOR
Prof. Shivanand S. Bhat

CONVENER
Dr. Vijayakumar

MODERATOR
Ms. Navya G.

TECHNICAL EXPERTS
Mr. Umesh D.
Dr. Shivakumara B. C.

"Somewhere, something incredible is waiting to be known."
— Carl Sagan

Registration: https://forms.gle/PKiUgk4zNxBPzRwQA

CERTIFICATE OF APPRECIATION

THIS CERTIFIES THAT

DR. VIJAYAKUMAR

of

Smt. Indira Gandhi Govt. First Grade Women's College, Sagara

Worked as a Convener for an Online Talk on

"Ten Years of Gravitational Wave Astronomy"

delivered by

K. G. ARUN

Professor of Physics, CMI, Chennai

Organized by

Departments of Sciences

Smt. Indira Gandhi Govt. First Grade Women's College, Sagara

On September 18, 2026

Convener | IQAC Coordinator | Principal
